"Keep your heels, head & standards high" -Coco Chanel

Thank you to my friends and family who have worked to support me through all my ups and downs. I cannot thank the Weston community enough for welcoming me back my jr. year and I am so glad to be able to graduate with the people I have known since kindergarten. I would also like to thank all my teachers for their incredible support.

"Sometimes you will never know the value of a moment until it becomes a memory" Dr.Seuss

I want to thank my Mom and Dad for their unwavering time, help, and support. I truly couldn't have done it without you. To my siblings, Miles, Sophie, and Jonah, thank you for always being there for me and for your willingness to lend a helping hand whenever I needed it. I am incredibly grateful to the teachers who have profoundly impacted my journey. Your dedication, encouragement, and belief in my success have made all the difference. To my friends, thank you for bringing endless laughter to my days and standing by me through everything. Your support has been invaluable, and I couldn't have done this without you.

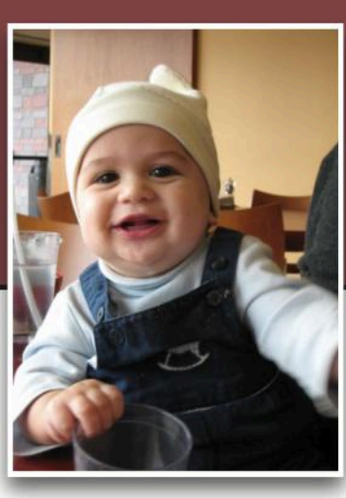
"If you think you're boring your audience, go slower not faster" - Gustav Mahler

Thank you Mom and Dad for your constant love and support: from cultivating, and eventually indulging, my random dinnertime thoughts, to smothering me with love even when I decline it. I wouldn't be as curious or as content without you. Thank you siblings —Sean and Celia—for putting up with me, giving inspiration for my Christmas gifts, and your help throughout my WHS journey. Thank you to my classmates and teachers who have indulged my constant, often facetious, conversation. The drive from friends around me is inspiring, and the constant support from amazing teachers has channeled that inspiration into growing me as an intellectual and a person. I remember sitting in Mr. Izzo's 3rd grade class and groaning at "25Balbalea," thinking graduation was an eternity away; now that I'm here I couldn't think of a better place to be. Thank you, Weston for everything.



William Balz

"To achieve great things, two things are needed; a plan, and not quite enough time" - Leonard Bernstein

To my family, I appreciate your emotional, academic, and miscellaneous support. Thank you for always caring. To my friends, thank you for tolerating me. "Tell me who your friends are, and I'll tell you who you are" - Gandhi, probably.We've all grown and changed over the years (especially me, oh my lord, don't look at pictures of me in middle school, I beg of thee), but our friendships have remained. You guys are the best, and I hope Gandhi's right. To my teachers, teammates, fellow musicians, and community as a whole, thank you for your kindness. We've all heard each others' stories. Most importantly, you've taught me the value of kindness, something I will never forget.

Alessandro Barbieri

If you only do what you can do, you will never be more than who you are - Master Shifu

Thank you, Mom and Dad, for all you have done for me. I am extremely grateful for having you two as my parents. Thanks, Nico, as well, for pushing me to become better. Thanks to everyone in the high school that helped me a long the way. Forever thankful!

Thank you, Dad, for instilling in me a drive for success and teaching me the value of hard work. Thank you to my siblings, teammates, friends, and peers for supporting me, but also for competing with me and helping me become the best person I could be. I would also like to thank my thoughtful teachers and coaches at Weston, who have changed the way I approach learning and helped improve my character. I am truly grateful for my years at WHS.

Thank you Mom and all the adults in my life who have helped me get this far. It feels like so long ago that I was that kid who couldn’t sit still in a chair for more than two seconds and was distracted by everything inside and outside the classroom. Through all the support and coaching from my teachers and advisors I now look like any other kid working really hard and imagining where the future will take me. It’s hard at Weston to see success beyond riding the Ivy League train. But the past few years have taught me that it is not the only path to achieve your dreams and sense of self. I believe that the people I’ve met and the things I’ve learned will help me carve out my own path through opportunities and challenges.

"We're gonna see the future first." - Frank Ocean

I'm so grateful for everything that this school has offered me. I've grown so much academically and personally since the first time I stepped foot in a classroom here. I couldn't do it without my family, who supported me every step of the way; my teachers, who always wanted to see me succeed; and the friends I've made during my time here who have made these 4 years so valuable. Though it's a little sad we're all leaving, I'm so excited to continue my journey elsewhere. I can't wait to see what the future holds!

I'd like to thank my family, friends, and supportive teachers who helped me get to where I am now, especially my mom, who pushed me to succeed in everything and held me to a higher standard. These past four years were filled with memories and experiences that I'll make sure to bring with me into college and beyond. I'm excited to see what the Lord has in store for me, and I know I'll never forget my time here at Weston.

These past four years of school have been an amazing journey. I have been able to meet some wonderful people and also gain a lot of knowledge along the way. Although the journey had its many ups and downs, I was able to work through them with the constant support of my mother, father, and younger brother. I am deeply grateful for all you guys have done for me. I also want to give a huge shoutout to my family back home in Bangladesh. You guys are always there to encourage me to be my best. Thank you to all my friends who made all my classes a lot more enjoyable as well. Although it's hard knowing that this journey has ended, I am very excited for the journey that lies ahead, one that will hopefully be just as fruitful as this one.

During these past four years, I feel as though I have connected with every possible corner of this building. From my favorite AP World teacher turned principal, to the day-to-day faculty who I've grown connected to as time went on, I feel as though every single member of the staff at Weston High School have played a role in my growth as a person. It felt as though they weren't members of a system that I had to work under, but rather human beings who I conversed with. The same can be said to the seven grades' worth of students who I interacted with during my time here. The small moments between the hundreds of relationships I've had the pleasure of maintaining was an absolute delight everyday. - 李白

Mom, Dad, Sister, thank you for supporting me at home; looking forward to many more joyful years to come. My friends, it's been a pleasure learning with y'all, playing with y'all, goofing off with y'all; I will forever cherish our memories together and hope to keep in touch. My teachers, thank you all so much for schooling me; I will never forget all the lessons; I am proud to say I never fell asleep in any of them. In particular, Ms. Wanosky, your APUSH lessons were simply the best, thank you for teaching me; Dr. Korsunsky, your opportunities to achieve are challenging, but as Confucious says "America is the land of second chances on Thursday mornings," thank you; Dr. Henry, my writing has improved by leaps and bounds from your class, thank you; Ms. Barbosa, thank you for making Latin so much fun; I still like Caesar more than Virgil.

"Floor it and see how fast life will take you." -Max Zou

I want to express my deepest gratitude to my family, friends, and teachers who have supported and inspired me throughout these incredible years. To my family, your unwavering support and love have been my anchor. To my friends, you've brought laughter and joy to every challenge. To my teachers, your dedication has inspired me to push boundaries and grow. Each of you has left an indelible mark on my life, teaching me lessons I'll carry forever. I'm incredibly grateful for the moments, memories, and relationships that have made these years unforgettable.

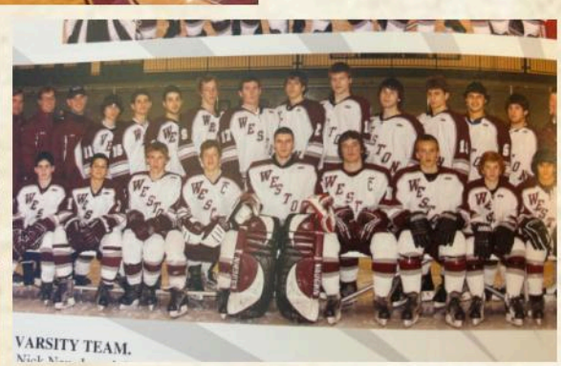
A Fond Fairwell to MR. MOORE

Mr Jeffrey Moore retired this fall after many years as a beloved physical education teacher at Weston High School. Relaxed and easy going, Mr Moore inspired students to get active while having fun. Students would try hard to convince Moore that a Dunkin run would be a good idea during early morning PE class, but he would good naturedly convince them that playing badminton would be a better choice. Always avoiding the limelight, Moore left us without taking a good photo, so all we have are photos from the covid year! But even though he was quiet, he was definitely beloved by all students and did an amazing job of inspiring them to get moving and enjoy life!

M

Moore was a much loved physical education teacher. Here senior Reed Van Ogtrop dressed as Mr Moore for Halloween and he was a great sport about it!



For many years, Moore was the Varsity Boys Hockey Coach.

We will sorely miss

Ms Marla Schay

A first-rate educator

Weston High School is losing a brilliant and caring educator in the retirement of head guidance counselor Marla Schay. Ms Schay has been at Weston High School for 17 years. For the past 7 years, she has been the head guidance counselor. Ms Schay was an accomplished business owner running a graphic design company for many years prior to becoming an educator. While she was very active in her community, helping out at her children's school and contributing significantly to Music Counts in her hometown of Canton, she realized at some point while her daughters were in high school that she liked her volunteer positions in school better than her paid work. It was not until she dropped off her older daughter at college that she started her masters in counseling at Suffolk University! It was her daughter's experience with the college process that spurred Ms. Schay's decision to become a counselor herself. Once she joined the Weston High School staff, she never turned back.

A compassionate counselor

Having already been through the process with her own children, Ms. Schay brought a wealth of knowledge, experience and humanity to the college admission process. She also was a wonderfully kind guidance counselor who really went above and beyond to meet the needs of her students. She served as the 4-year faculty advisor of the class of 2015. It was through this work that she became involved with Dana Farber when one of the students in her class was struck with leukemia and had to take time off of school for treatment. The class adopted Putting for Patients for Dana Farber as their 4-year service commitment, and the program continued for many years after the class of 2015 graduated. Ms. Schay has been instrumental in building Weston High School's extremely complicated master schedule, and she has spoken out as necessary to preserve choice at both ends of the academic spectrum, for Weston's highest achieving students and for those with the greatest special needs. Finding someone to take over the master schedule will be HUGE shoes to fill, and no one will do it with quite the expertise and competence that Ms Schay brings to the table. Throughout her career, she has served as a true champion of Weston High School students, and she will be sorely missed by the entire school community.

A calm&confident leader

FOR PHOTOGRAPHY, ARTWORK, AND PUBLISHING ASSISTANCE

Many thanks to all the photographers who contributed to this yearbook, especially Laura Hanson for her incredible sports photos and Douglas Keene for his music and drama photos. Thank you to Bill Marshall and Coffee Pond photography for providing senior portraits, underclass and faculty photos, and sports team photos. A huge thanks to Sara Adams at Coffeepond yearbooks for her quick and helpful advice when we needed it!
